

STUDENT ACTIVITIES

To view the student activities/clubs available at each school, please go to each school's website. Links to each school are found in the main menu on our district website under Schools. After selecting the school, look for links to Clubs, Athletics, and/or Activities.

We would love for each student to be involved in a school activity/club. Many clubs meet during the school day or immediately after the school day ends.

Please contact the school office for more information.
