

## **Home/Hospital Instruction**

### **PURPOSE**

Home/hospital instruction provides educational services to students who cannot attend school for extended periods due to temporary or recurring conditions, including fractures, surgical recuperation, or other physical, health, or mental conditions. An “extended period” refers to an absence for more than five (5) consecutive school days.

Home/hospital instruction will be a minimum of two (2) visits per week with one (1) hour of instruction per visit, which is equivalent to one (1) child’s attendance in school for five (5) days. Students on extended placement in home/hospital instruction may receive virtual/online instruction, which would be in addition to the minimum two (2) one (1)-hour visits per week. A parent or responsible adult must be present in the home/hospital room during the time the home/hospital teacher is present.

### **ELIGIBILITY**

Determination of a student’s eligibility and provision of services for home/hospital instruction shall be made in compliance with applicable statutes and regulations. In accordance with [KRS 159.030\(2\)](#), the Board shall require evidence for students exempted from school attendance more than six (6) months. An exemption shall be reviewed annually.

At any time based on changes in the student’s condition, the home/hospital review committee may schedule a review of the student’s continued eligibility for home/hospital instruction.

The Admissions and Release Committee (ARC) shall determine homebound placement for a student with disabilities. The 504 Team for a student may facilitate submission of an application to the review committee.

### **SECONDARY STUDENTS**

A high school student placed on home/hospital instruction for extended periods may carry all appropriate credits during the first semester of placement. Except for students with an Individual Education Plan (IEP) or a 504 plan, the number of credits to be carried during all subsequent semesters of placement shall be determined on a case-by-case basis by the review committee, based on the following criteria:

1. The student's ability to work independently during extended periods without direct assistance.
2. The student's capacity to complete assignments within a reasonable time frame.
3. The likelihood that the student will be able to complete course criteria required for graduation, as required by the [Kentucky Academic Standards](#).
4. When considering the student's condition, should s/he take a full or reduced course load? (If a reduced course load is appropriate, the committee shall determine the number of courses the student may take.)

**Home/Hospital Instruction****STUDENTS WITH DISABILITIES**

Based on documentation of student need, including medical or mental health evaluation information, a student with disabilities may be placed in the home/hospital instructional program if his/her individual education plan (IEP) specifies such placement is the least restrictive environment for providing services. The ARC Chair shall provide written notice of eligibility and documentation to the District Director of Pupil Personnel for purposes of program enrollment.

The Admissions and Release Committee (ARC) or 504 Team shall determine on a case-by-case basis the type and extent of homebound services for a student, including the number of credits a student at the secondary level will be permitted to earn while on home/hospital instruction.
